"Just seeing an old guy hustle the ladies on the dance floor in his head-to-toe white outfit is worth the trip" to this "slice of *Buena Vista Social Club*" in Hollywood; "don't forget to ask for a mojito" to wash down that "fab, authentic Cubano cuisine", then "sit back and enjoy the great show" – or, "if you like salsa", "shake what yo mama gave ya" to the "excellent" live music amid "lots of Latin cleavage"; just "make a reservation, or you won't get in."
